---

THE Committee of Visitors in presenting their Twenty-fourth Annual Report, have to state that at the commencement of the year 1865 there were 915 patients in the Asylum, and that during the year 122 additional patients were admitted, making a total of 1037. Of

these, 21 males and 21 females were discharged cured, 14 males and 2 females were discharged uncured, and 37 males and 28 females died, leaving in the Asylum at the close of the year 914 patients, of whom 413 were males, and 501 females.

Of those discharged cured, 14 were presented, on leaving, with gratuities from the Benevolent Fund.

Of those discharged uncured, 11, being Male Criminal Lunatics, were removed by the authority of the Secretary of State to Fisherton House, Salisbury.

Of the deaths, 4 occurred under circumstances requiring Coroner's inquests. The particulars will be found in the annexed Report of the Chief Resident Physician.

The average number attending Chapel was 317, and an average of 402 was in daily employment.

The charge for each patient was nine shillings

per week throughout the year ; but in consequence of the great increase in the price of many articles of general consumption, it is feared that in a short time this rate will have to be increased.

The cases of patients chargeable to the County have been carefully investigated, and it will be seen from the annexed Report of the Solicitors that the settlements of nine of them have been ascertained, and the County released from the further cost of their maintenance.

With respect to the Pauper Lunatics in the County, it will be observed from the Table appended that their number has increased from 1933 to 2020.

With reference to the "sufficiency" of the Asylum, the Committee have again to report that it is not equal to the requirements of the County, but it is trusted that the deficiency will be fully provided for in the new Asylum at Woking, which will shortly be opened for the reception of patients.

During the year, the Bailiff and the Dairy-woman having become unequal to their duties from age and infirmity, after being in the service of the County for the long period of twenty-four years, were superannuated on pensions allowed by the Court of Quarter Session of £30 and £20 respectively.

For the same reason, Mrs. WHISKARD, who had held the office of Matron for the like period of twenty-four years, was superannuated, and the County kindly granted her an Annuity of £120.

Miss MATTHEWS, who has had great experience in the care and treatment of the Insane in the Nottingham and Hampshire Asylums, and whose Testimonials were of a very high order, has been elected Mrs. Whiskard's successor.

The additional land recently purchased has been very carefully cultivated, and it will be seen from the Farm Account annexed, that the balance in favour of the Asylum is £763. 10s. 11d., whereas in the preceding year

it was only £201. 17s. Considerable expense has, however, been incurred in properly fencing this land ; and as it is thought right that the cost thereof should be paid out of the balances arising from the cultivation of this part of the Estate, rather than by means of money voted by the Court of Quarter Session out of the County Rate, deductions from future balances will be made until the entire cost of this fencing has been liquidated.

For further information respecting the management and Statistics of the Asylum, the treatment of the Patients, the Receipts and Expenditure of the Committee, reference is made as usual to the Reports of the Resident Physician, the Chaplain, and others, and to the Accounts and numerous Tables, all of which are appended.

With respect to “the management of the Asylum” and “the conduct of the Officers,” the Committee, as to the former, have reason, as they believe, to be fully satisfied ; and, as to the latter, they have much pleasure in stating that their entire confidence in Dr. BIGGS and

those who are acting under his direction and superintendence is only increased by the experience of another year.

February 24th, 1866.

**REPORT  
OF  
THE RESIDENT PHYSICIAN  
OF THE  
SURREY LUNATIC ASYLUM.**

---

THE SURREY COUNTY ASYLUM,  
*December 30th, 1865.*

GENTLEMEN,

I have the honour to submit the Twenty-fourth Annual Report.

The Statistical Return is as follows:—

Remaining 1st December, 1864,		Since Admitted.		Discharged Recovered,		Removed,		Died.		Remaining 31st December, 1865,	
M.	F.	M.	F.	M.	F.	M.	F.	M.	F.	M.	F.
415	500	70	52	21	21	14	2	37	28	413	501
915		122		42		16		65		914	

The total number treated has been 1037.

The average number resident has been 913.

The admissions of patients (including re-admissions) have been 11 less than during the preceding year.

The re-admissions have been 6.

The recoveries (not including removals) are 34.5 per cent. on the admissions.

The mortality has been 6.2 per cent. on the total number treated, 7.1 per cent on the mean population, being 1 per cent. less than during the previous year.

Phthisis has been the cause of death in 14 cases.

The average age at death was 56 years.

Four inquests have been held; two of them upon criminal patients. In three instances the verdict was "Natural death;" in the fourth "Suicide." The circumstances of this case

were fully investigated. The Coroner and Jury were unanimously of opinion that no carelessness nor neglect could be implied. The patient, a criminal, had secreted a neckerchief, with which he strangled himself during the night of the 12th of September.

Table No. 25 gives a summary of post-mortem appearances representing the immediate cause of death.

Of the 122 patients admitted, 18 have been discharged recovered, and 9 have died. Not more than 20 of the remaining 95 are possibly curable. 24 have been transferred from other Asylums.

Eight Criminal patients have been admitted, and 11 have been removed to the Fisherton House Asylum.

Twenty-two of this class remain.

Four patients have escaped; two were pursued and brought back at once, the others were retaken within 14 days.

The general health of the patients has been good ; there has been no disease of epidemic or zymotic type.

Many patients have succumbed at very advanced age, and the average at death (56 years) is high compared with that of last year ( $43\frac{1}{2}$  years.)

The removal of certain Criminals has to a slight extent diminished the number of violent and noisy patients. The proportion of epileptics is 13·4 per cent. upon the mean population, and many of the instances of seclusion arise out of the excitement accompanying epileptic attacks. From all causes only 33 patients have been placed in seclusion during the present year.

There are this day under special medical treatment 34 males and 15 females, of whom 10 males and 12 females are confined to their beds.

There are 35 cases of General Paralysis in the Male Division, and 1 in the Female Division.

There are 123 Epileptics.

The average number of Male patients regularly employed has been 185 ; of Females, 217. Total, 402.

The Garden and Farm have given profitable occupation to 55 male patients, who have been in daily employment ; and working parties are told off systematically for any required duty.

The Chapel and Ward Services, and the Reading Classes have been conducted as usual by the Rev. G. STANHAM. The average attendance at Chapel has been 367.

In addition to the ordinary amusements, Theatrical Entertainments have been introduced under the management of Mr. JACKSON, to whose energy and devotion of time and trouble their great success is due. There have been six performances, and at small cost, a large amount of gratification has been given. Mr. JACKSON has also further contributed to the amusement of the patients by a display of conjuring. The exhibition of dissolving views is repeated occasionally ; and Mr. ARTIS, of Brigh-

ton, has given his serio-comic entertainment. It is obvious, from experience, that such recreations are attended with marked benefit ; they relieve the monotony of Asylum life, and afford topics of thought and conversation amongst the patients for a considerable period.

Dr. GRABHAM has devoted great attention to the progress of the Band, which has increased in strength and efficiency.

The substitution of Boarded floors in place of slate and asphalte has been completed throughout the Building; and many of the Galleries and Day Rooms have been partially painted.

• The supply of Gas and Water is abundant.

An additional Boiler has been placed in the Laundry.

On the 9th of September, Mrs. WHISKARD, who has filled the office of Matron for more than twenty-four years, resigned her appointment in consequence of physical inability. Mrs. WHISKARD has gained the esteem of

the Officers by her habitual courtesy and urbanity, and she will retire with the earnest wish of all with whom she has been officially connected that her health may be restored, and her life prolonged to enjoy in freedom from care and anxiety the ease which she has earned by so many years of active duty.

Miss MATTHEWS, late Matron of the Nottingham Asylum, has been elected to the vacant post.

The general conduct of the Attendants has been praiseworthy. The supply of uniform and increase of wages, which have recently been allowed, will not only enable me to obtain superior candidates for employment, but will induce efficient and experienced persons to remain in the service. Very few changes have occurred in the Staff during the year.

I would, in conclusion, express my obligation to my Medical colleagues, to Mr. STANHAM, Mr. BRIDGLAND, and the other Officers, who, without exception, give me their most willing co-operation.

I respectfully and heartily thank the Committee of Visitors for their constant assistance and encouragement in everything conducive to the welfare of their responsible charge.

I have the honour to be,

Gentlemen,

Your obedient Servant,

J. STRANGE BIGGS.

CHAPLAIN  
OF THE  
SURREY LUNATIC ASYLUM.

---

CAMBRIDGE LODGE, NEAR TOOTING, S.

*February 17th, 1866.*

GENTLEMEN,

I have now the honour of presenting  
to you my fifth Annual Report.

Notwithstanding the difficulty of preserving  
an interest in ministrations continued year after  
year by the same Clergyman to the same people,

yet the usually redeeming point, of length of acquaintance increasing respect and attachment, holds good in an especial manner with the patients committed to my charge.

With the exception of those persons whose insanity may have assumed a morbid religious turn, through undue excitement upon spiritual matters, my convictions are strengthened, with regard to the majority of patients, that the consolations and truths of the Gospel, brought home to them in pastoral visitation and in the services of the Church, have a most beneficial tendency in restoring their minds to a healthy state.

Throughout the past year the Daily Morning Service in the Chapel has been regularly conducted. The privilege thus afforded to a great number of patients of commencing the day by uniting together in public worship, is increasingly appreciated by them, and is accompanied by satisfactory results.

The full Evening Service in the Chapel on

the Wednesday of each week has been well attended.

The morning and afternoon Services of Sunday have been held as usual. The devout behaviour of the patients, and their attention to the reading and preaching of the Word of God, gives the hope that the seed sown does not fall entirely upon barren ground, but that many "receive with meekness the ingrafted word, which is able to save their souls."

The Sacrament of the Lord's Supper has been administered on the appointed Sundays in the Chapel and in the Infirmary. Through the death of several communicants the number at the present time is reduced to twenty-five. There are many who, although communicants before they became inmates of the Asylum, object to be so now, saying that they will wait till they leave. This objection, however, is often overcome should their stay be prolonged. Those who do participate in this means of grace derive, I believe, much spiritual consolation and divine strength from the same.

The Thursday Morning Service held for the benefit of those patients who are too infirm to attend Chapel, continues to be much valued by them, and also by many from other wards who join them in the day-room of the Infirmary.

The Reading Classes have been carried on as usual, and they are still the means of much instruction and amusement.

The books from the Library have been much sought after and read. The grant of money which you have recently kindly made for the purchase of more volumes will be greatly esteemed.

The various periodicals, newspapers, and tracts, have been regularly circulated. Since my last Annual Report I have distributed tracts more generally, and in greater numbers, and I find that there are many who will gladly read them, when they would refuse a book or even a periodical.

The number of those patients who, in the services of the Church, have returned thanks

to God for their recovery, has increased. Most of them have received a Bible, Prayer Book or Hymn Book, when leaving for their homes, which is highly prized by them.

A Rector of a parish in Surrey, who recently wrote to me to inquire after a patient, took occasion to refer to another of his parishioners, who, a few years since, had also been an inmate of the Asylum, and he stated that he much valued the kindness shown to him when there, as also a copy of Kemble's Hymn Book which I gave to him.

My visits to the patients generally are attended, I trust, with much good. Excepting by those whose minds are greatly affected, or who suffer from occasional attacks of mania rendering them violent and excited, my presence amongst them is gladly welcomed.

My ministrations to them in sickness are always gratefully received, and I believe, through God's blessing, productive of much real comfort.

The following extract from written communications sent to me by the patients will serve to illustrate their feelings. One on his birthday writes to me thus :—

“ Goodness and mercy have followed me all the days of my life, for which I cannot praise an All-wise Benefactor as I ought, yet I know you will rejoice with them that do rejoice. Since I entered this sinful world, mercies received by me are innumerable, for which I hope to praise Him more and more. Oh ! that the Lord would guide my ways to keep His statutes still. I have been young, and now am old, yet I never saw the righteous forsaken nor his seed begging their bread: comforting assurances held out to us in the word of truth by the Gospel of His dear Son Jesus Christ. That the Lord may continually smile on your efforts for winning souls to Christ, is the fervent prayer of your obedient servant,”

---

During the last twelvemonths many patients have been released from their bodily and mental afflictions by death. Several of them gave evidence of their lively faith in the doctrines of the Gospel and of their hopes of

Heaven. It may be interesting to allude to two who had been in the Asylum for a very long period.

The one who died in March last had been an inmate for upwards of twenty-three years. From my first visit to her till the day of her death, at all times, both when in comparative health and in sickness, she was very grateful for all that was done for her. She was a regular communicant, and gladly availed herself of all the means of grace. She also took great pleasure in reading the books and tracts lent to her. I prayed with her a few hours before her death, and I believe that she was trusting to her Saviour. The nurse stated that she was conscious to the last and knew that she was dying, and expressed herself assured of her soul's salvation.

The other was an aged patient who had been in the Asylum for nearly twenty-four years, and who died in her eighty-second year in December last. She always was pleased to see me, and appeared to derive much consolation

from the Scriptures and prayer. She partook of the Sacrament of the Lord's Supper in the Infirmary. Although her mind was affected yet she found comfort in religion, and in looking to Jesus for salvation. During her last illness she at all times knew me and was glad to speak to me. I prayed with her when dying, and she then recognised me and bid me good bye. It is comforting to believe that, after her long sojourn here, she has gone to be for ever with her Saviour.

In addition to these two particular cases, selected from many similar, I would allude to the fact that several of the patients have for some time past manifested an intelligent appreciation of the various means of grace afforded to them in the Asylum. Few days pass without their speaking to me of their own religious convictions, and of the comfort they have derived from some sermon or scripture exposition. I believe it is thus that many are led to forget their present afflictions, and are contented and happy in looking forward to their Heavenly Home.

I have much pleasure in acknowledging the kind aid at all times rendered to me in pursuing my duties in the Asylum by Dr. BIGGS, the other Medical Officers, and by Mr. BRIDGLAND.

In the Female department, the late Matron, Mrs. WHISKARD, was always ready to further my work. And at the present time I have much satisfaction in alluding to Miss BIGGIN, who continues to show a lively interest in everything that tends to the welfare of the patients.

I have every reason to believe that the recently appointed Matron, Miss MATTHEWS, will also give the assistance I have been wont to receive from her predecessor.

I beg most sincerely to thank you for the kind interest shown by yourselves in my labours, and I trust always to be permitted to enjoy your support and confidence.

With the earnest prayer that the blessing of

Almighty God may rest upon our united efforts  
for promoting the happiness of all connected  
with the Asylum,

I have the honour to be,  
Gentlemen,  
Your very obedient and humble servant,  
GEORGE STANHAM.

To the Committee of Visitors  
of the Surrey County Lunatic Asylum.

## REPORT

OF

MESSRS. W. H. &amp; M. SMALLPEICE.

GUILDFORD,

*February 5th, 1866.*

DEAR SIR,

We beg to report to you, for the information of the Committee of the Visiting Justices of the County Lunatic Asylum, that we have, during the past year, made inquiries into the settlements of several Lunatics in the County Asylum chargeable on the County funds, the result of which has been that, in nine cases particularized below, we obtained evidence sufficient to justify us in applying for Orders of Adjudication, which we procured and served upon the Unions or Parishes of the Settlements of the respective Lunatics.

The following are the names of the cases with the particulars of the orders in each case:—

1. An Order on the United Parishes of St. John and St. Margaret, Westminster, in the case of Henry Coward, a Criminal Lunatic, for the payment of 14s. a week for his future maintenance.
2. An order on the Cosford Union, in the County of Suffolk, in the case of Robert Schofield, a Criminal Lunatic, for the payment of 14s. a week for his future maintenance.
3. An order on the United Parishes of St. Giles and St. George, Bloomsbury, in the County of Middlesex, in the case of George Campbell, a Criminal Lunatic, for the payment of 14s. a week for his future maintenance.
4. An order on the Parish of St. George the Martyr, Southwark, in the County of Surrey, in the case of Charles Henry Cavel, a Criminal Lunatic, for the payment of 9s. a week for his future maintenance.

5. An order on the St. Saviour's Union, in the County of Surrey, in the case of Ann Gayner, a Criminal Lunatic, for the payment of 9s. a week for her future maintenance.

6. An order on the Parish of St. Olave's, Southwark, in the County of Surrey, in the case of James Mitchell *alias* Smith, a Criminal Lunatic, for the payment of 9s. a week for his future maintenance.

This case is the one in which, as stated in our last Report, we were compelled, in consequence of the incorrect evidence of a witness, to abandon the order previously made upon the parish of Bermondsey.

7. An order on the Medway Union, in the County of Kent, in the case of Edward Coombs otherwise Elcome, a Criminal Lunatic, for the payment of 14s. a week for his future maintenance.

8. An order on the St. Saviour's Union, in the County of Surrey, in the case of Margaret Flynn, a Criminal Lunatic, for the payment of 9s. a week for her future maintenance.

And 9th. An order on the Ecclesall Bierlow Union in the Counties of York and Derby, in the case of Eugene Robert Slinn, a Pauper Lunatic, for the payment of 14s. a week for his future maintenance, and for the repayment to the County of the sum of £38 4s. in respect of the expense of his past maintenance.

In the first eight of the above named cases the Lunatics have been accepted by the several Unions and Parishes without any appeal being made against the Orders of Adjudication; but in the ninth case, being that of Eugene Robert Slinn, the Guardians of the Poor of the Ecclesall Bierlow Union appealed against the Order of Adjudication, and it became necessary for us to go into Yorkshire to obtain evidence in support of the order.

As the settlement set up in support of the order was a settlement by the apprenticeship of the Lunatic's grandfather in the year 1790, we had considerable difficulty in obtaining evidence of facts which occurred so long ago; but after many inquiries we obtained evidence

which we considered amply sufficient to support the order ; and on the appellants finding out what evidence we had obtained they abandoned their appeal without going to trial ; but as they declined to pay the costs which had been incurred by the County in consequence of their appeal, an application was made to the Quarter Sessions, and an order granted, directing the appellants to pay the costs which had been so incurred ; and these costs, when received, will be credited to the County.

We are, dear Sir,

Yours faithfully,

W. H. & M. SMALLPEICE.

Stephen Bridgland, Esq.

REPORT  
OF THE  
CLERK TO THE COMMITTEE OF VISITORS  
OF THE  
SURREY COUNTY LUNATIC ASYLUM.

---

SPRINGFIELD,

*24th February, 1866.*

*To the Committee of Visitors.*

GENTLEMEN,

The Clerks to the Boards of Guardians of the several Unions and Parishes in the County of Surrey, have made their Annual Returns to the Committee of Visitors, as required by the 64th section of the Lunatic Asylums Act of Parliament (16 & 17 Vict. cap. 97,) and I have made an abstract therefrom, which is hereto annexed, from which it appears that 1889 pauper patients are chargeable to Parishes, and 131 vagrant lunatics are chargeable to the County Funds; making a grand total of 2020; they are described as follows, viz.—

In the County Asylum, chargeable to Parishes ..	774
Ditto                   ditto to the County ..	127
Ditto                   ditto to other Counties	13
	—
	914
In other County Asylums .....	35
In Licensed Houses .....	446
In Workhouses.....	512
Residing with friends .....	113
	—
	2020
	—

The numbers returned in each year, commencing in 1849, are as follows—

	Parish Patients.	County Patients.	Total.
In 1849.....	817	26	843
1850.....	907	39	946
1851 .....	926	48	974
1852.....	977	66	1043
1853.....	1005	71	1076
1854.....	1132	70	1202
1855. ....	1157	75	1232
1856.....	1181	71	1252
1857.....	1223	84	1307
1858.... .	1303	104	1407
1859.....	1359	115	1474
1860.... .	1486	117	1603
1861.....	1550	118	1668
1862.....	1655	160	1815
1863.....	1806	145	1951
1864.....	1818	141	1959
1865.... .	1797	136	1933
1866.....	1889	131	2020

I have the honour to be,

Gentlemen,

Your obedient humble Servant,

S. BRIDGLAND,

*Clerk to the Committee of Visitors.*

ABSTRACT OF THE RETURNS OF LUNATICS AND IDIOTS IN THE  
 COUNTY OF SURREY, MADE BY THE CLERKS TO BOARDS OF  
 GUARDIANS OF THE SEVERAL UNIONS AND PARISHES, IN PURSUANCE  
 OF THE 64TH SECTION OF THE ACT 16TH AND 17TH VICT., CAP. 97  
 FOR THE YEAR 1866.
